

HSC Mathematics	Advice for students	Semester 1	Semester 2
Mathematics Extension 2	Eligible for advanced units (permission required)	MATH1901 MATH1902	MATH1903 MATH1905
Mathematics Extension 1	Enrol in normal units or eligible for advanced units if band 4 (> 90)	MATH1001 MATH1002	Two of MATH1003 MATH1004 MATH1005
Mathematics (2 unit)	Enrol in fundamental units	MATH1011 MATH1015	MATH1013 MATH1014
General Mathematics	Eligible for MATH1111 (permission required)	MATH1111	Two of MATH1013 MATH1014 MATH1004 MATH1005

Students who have not done the HSC should contact fy.maths@sydney.edu.au for advice.

Students wanting or required to do mathematics in Year 2 should enrol in advanced units or normal units.

Your degree program may require you to take a unit of study for which you do not have the assumed knowledge. In this case you should consider taking one of the bridging courses before semester starts.

The allocation listed above may be varied. For further information see the Junior Mathematics and Statistics handbook.
